

Ky Kelly

Running for GHRA Board of Directors (District 4)

**Owner of Heartland GypsyCob Farm
Comanche, Oklahoma**

I would love to be a GHRA Board of Director because I feel as if I can represent the organization as if it should be. I would be very involved and help make this registry better and easier for everyone. I will actively be addressing members as well as trying to improve our group the best I can. I will promote our group in every way I can. I will also be more active in the annual meetings.

Gypsy Knowledge

I have been around horses my entire life. Around 6 years ago, I fell in love with gypsy horses. I have always found peace when handling them. Each one of the horses has its own personality and character traits that make them all very and special unique to me. I take a lot of pride in being able to experience being a part of my gypsies' lives. I currently house 11 gypsy horses on my farm. Being part of the gypsy community has really helped me find who I am as a person. Not only are gypsy horses a big priority in my life, but they are also where I find my passion. I used to show when I was younger, but I fell off throughout the years. I plan on involving my daughter in 4H. She will be showing next year when she comes of age.

Business Knowledge

I have both owned and managed an assortment of different businesses. All of which make me comfortable regarding working as a team. I am very dedicated and can assure that the task at hand will be accomplished. I am very social and personable. I will use this knowledge and previous experience to treat fellow members with dignity and respect. I am more than willing to help in every way wanted and needed.
